Gabriele Rausse is known as the Father of Virginia wines. Coming from the "old Country" (Italy) to Orange county, Gabriele had a passion for the land and its historical significance. He was instrumental in the start up of several local vineyards, to include Barboursville Vineyards. After producing wines for other growers since the late 70s, he decided to start his own vineyard in 1997. Please join us to celebrate his vision for Virginia, as a premiere wine producing region.
